WE NEED YOUR VOICE AND SUPPORT!

When: June 25th , MONDAY MORNING at 8:30am

Monday is the day of our fact finding hearing!

Show that you stand with students and teachers in Natomas by supporting the bargaining team at the District Office, 1901 Arena Blvd., this Monday, June 25th at 8:30 a.m. to rally on behalf of **safe schools, resources for all students, and a fair contract for educators in Natomas.**
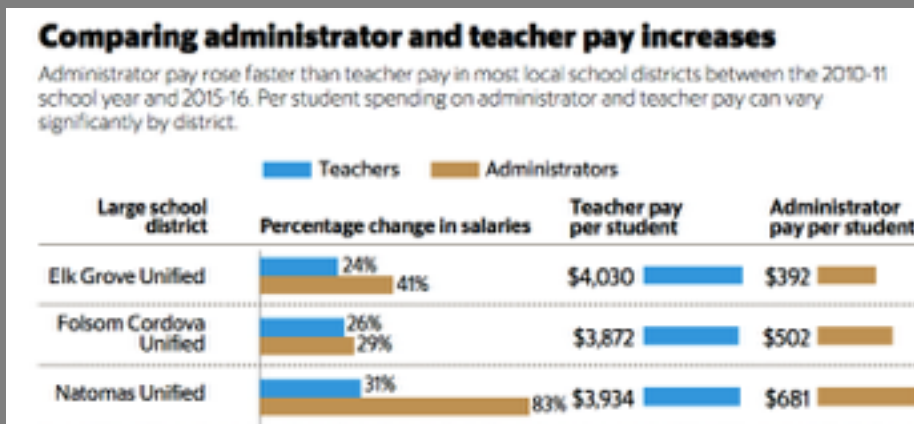

We continue to fight for a <u>fair</u> settlement on behalf of <u>all</u> students and teachers in Natomas.

While we are insisting upon the District recognizing and addressing the needs of students and teachers, the District is insisting upon a two year agreement without addressing the working conditions impacting students and teachers.

All are welcome – teachers, counselors, psychologists, speech teachers, nurses, students, parents, and all interested members of the community.

Did you know... According to the Sacramento Bee on Our Superintendent Chris Evans:

"Evans, who runs the smallest of the six districts, with 14,895 students, also earned a 6 percent bonus, or $17,580, in 2017, bringing his pay this school year to $311,184. He also is eligible for extra pay if he works more than his contracted 220 days. His perks include $12,000 a year toward an annuity, a $500-a-month car allowance and a $1,500 yearly technology stipend, along with the usual health benefits. Board President Scott Dosick defended the superintendent's salary package. "It is a very competitive marketplace for good superintendents, and Chris has done a fantastic job for our district," he said. Comparing administrator and teacher pay increases

Administrator pay rose faster than teacher pay in most local school districts between the 2010-11 school year and 2015-16. Per student spending on administrator and teacher pay can vary significantly by district.

Large school district	Percentage change in salaries	Teacher pay per student	Administrator pay per student
Elk Grove Unified	24% / 41%	$4,030	$392
Folsom Cordova Unified	26% / 29%	$3,872	$502
Natomas Unified	31% / 83%	$3,934	$681

Teachers / Administrators

You know .... in the classroom Natomas teachers are working very hard for our students in this competitive workplace for quality educators and we deserve to have voice and value be heard! Come out and have your voice and presence be felt!
